Agile Softlabs Pvt Ltd – Pondicherry
Full Stack Developer | December 2024 – Present

Redblox Technologies Pvt Ltd – Pondicherry
Software Developer | July 2022 – November 2024

PROJECTS

Spryntz (React Native) spryntz.com

- Spryntz is a comprehensive food delivery platform designed for both mobile and web users. The application enables customers to explore nearby restaurants, browse menus, place orders, and track deliveries in real time. It also includes features such as user authentication, location-based restaurant suggestions, payment gateway integration, and push notifications for order updates.

My Bhima (Next.js) mybhima.com

- An e-commerce platform that allows customers to explore and purchase jewellery online and conveniently join jewellery schemes from home.

Swypatune (Ionic, Angular) myswypatune.com

- Swypatune is a gamified music streaming platform where users swipe through music videos and vote in contests. Responsive UI/UX for pages using Ionic and Angular, Built custom swipe gestures for video playback and voting features. Implemented SEO for music content, Profile connections and matches, and optimized the video performance.
